

## **CHOLESTEROL REGULATION COMPLEX\***

### **A Natural Approach to Cholesterol Management\***

Cholesterol Regulation Complex is a safe, natural way to help promote cardiovascular health by helping to retain normal cholesterol levels.\*

With its unique blend of natural ingredients, including phytopeptides with bound phospholipids and an amino acid called N-acetylcysteine, Cholesterol Regulation Complex®:

- Helps retain normal cholesterol levels.\*
- Helps inhibit absorption of dietary cholesterol.\*
- Increases HDL (“good”) cholesterol.\*
- May help prevent LDL cholesterol oxidation.\*
