

JOINT & MUSCLE PAIN CREAM

Topical Arthritis Pain Relief That Works in a Hurry

This unique topical cream will provide temporary relief for occasional joint and muscle pain. Joint & Muscle Pain Cream provides fast absorption and deep penetration to soothe on contact. Its prolonged-release action optimizes effectiveness against minor joint and muscle pain due to arthritis, backaches, sports injuries, and more. Joint & Muscle Pain Cream also makes a great nongreasy rub before or after a workout. Light menthol fragrance dissipates quickly.
